3. Mr:	Nguyen Chi Thuc	Deputy Chief Executive
4. Mr:	Nguyen Sy Cuong	Deputy Chief Executive

- The legal representative of the Company during the period and at the date of this report is Mr. Le Huy Quan, Acting Chief Executive Officer.

2 - Structure of ownership:

- Bim Son Cement JSC (the Company) is a Joint Stock Company incorporated under the Enterprise Law of Vietnam, according to Business Registration Certificate No. 2800232620 issued by the Department of Planning and Investment of Thanh Hoa Province on 01 May 2006. The Company has also received the amended Certificates of Enterprise Registration, with the latest amendment being the 18th issued on 01 Nov 2023. Shares of the Company have been listed on the Hanoi Stock Exchange since 24 Nov 2006 with the stock symbol BCC.
 - The Company's head office is located in Quarter 7, Bim Son ward, Thanh Hoa province.

3 - Operating industry:

- The main activities of the Company are the production and trade of cement, clinker, production of building materials and cement additives, mineral processing for the cement production.

4 - Normal production and business cycle:

- The Company's normal production and business cycle is carried out for a time period of 12 months or less.

5 - The Company's structure:

- List of subsidiaries: The Company has one subsidiary, Central Region Cement JSC (CRC). The subsidiary is headquartered in Tan Hy village, Binh Dong commune, Binh Son district, Quang Ngai province. As at 30 September 2025, the Company hold 76,8% of the equity in this subsidiary.

II - Consolidated accounting convention and financial year:

- 1 The accompanying consolidated financial statement, expressed in Vietnam Dong (VND), are prepared under the historial cost convention and in accordance with Vietnamese Accounting Standars, accounting regime for enterprises and legal regulations relating to consolidated financial reporting.
- The consolidated financial statements are predented on the basis of the consolidation of the Company's separate financial statements and the financial statements of the Company's sbsudiary.

2 - The Company's financial year begins on 01 January and ands on 31 December.

III - Summary of significant accounting policies:

The signficant accounting policies, which have been adopted by the Company in the prepataion of these separate financial statements, are as follows:

1 - Cash:

- Cash an cash equivalents comprise cash on hand and bank deman deposits.

2 - Inventories:

- Inventories are stated at the lower of cost and net realisable value. Cost comprises direct materials and where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Cost is calculate using the weighted average method. Net realisable value represents the estimated selling price less all estimated costs to completion and costs to be incurred in marketting, selling and distribution.
- The Company applies periodic stocktaking method to record main raw material, finished good and work-in-progress whose values are determined as follows:
 - + Raw materials : Cost of purchase on a weight average basis.
- + Finished goods and work- in- proces: Cost of direct materials and labour plus attributable overheads based on the normal operating capacity on a weighted average basis.
- The perpetual method is applied to record tools, supplies and spare parts whose value are stated at purchase cost using the weighted average method.
- The evaluation of necessary provision for inventory obsolescence follows current prevailing accounting regulations which allow provisions to be made for obsolete, damaged, or sub-standard in inventories and for those which have costs higher than net realisable values as at the balacen sheet date.

3 - Financial investments:

- Investment in subsidiary: A subsidiary is an entity over which the Company has control. Interests is subsidiary are initially recognised cost. The Company's share of the net profit of the investee after acquisition is recognised in the income statement. Other distribution recerved other than such profit share are deducted from the cost of the investments are recoverable amounts.

4 - Receivable:

- Receivables represent the amounts recoverable from customers or other debtors and are stated at book value less provision for doubtful debts.
- Provision for doubtful is made for receivables that are overdue for six month or more,or when the debtor is in dissolution, in bankruptcy, or is experiencing similar difficulties and so may be unable to repay the debt.
 - 5 Tangible fixed assets, Intangible assets and depreciation:
- Tangible fixed assets: The costs of purchased tangible fixed assets comprise their purchase prices and any directly attributable costs of bringing the assets to their working condition and location for their intended use. The cost of selt-constructed or manufactured assets are the actual contruction or manufucturing cost plus installation and test running costs.
 - Tagible fixed assets are depreciated using the straigh-line method over their estimated.
- Intangible assets: Intangible assets represent land use right and computer software that are stated at cost less accumulated amortistion.
 - Intagible fixed assets are depreciated using the straigh-line method over their estimated.

6 - Prepayments:

- Prepayments are expenses which have already been paid but relate to results of operations multiple accouting period. Prepaid expense include consumable material costs, fixed asset repairing expenses, expenses of repairing and replacing roller shells and crushers, quarrying expenses, fees for using data and information about mineral investigation and exploration results, compensation for site clearance, cost of tools, supplies and requiment issued for consumption.

7 - Payable:

- Liabilities and accruals are recognized for amounts to be paid in the future for goods and services received, whether or not billed to the Company by the supplier.
- Actual expenses that have not yet arisen but are deducted in advance from production and business expenses in the period to ensure that when actual expenses arise, they do not cause sudden changes in production and business expenses based on ensuring the principle of matching between revenue and expenses.

- 8 Borrowing costs: (borrowing)
- Borrowing costs are recognised in the income statement in the year when incurred unless they are capitalised in accordance with Vietnamese Acounting Standard No.16 "Borrowing costs". Accordingly, borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily tale a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, unit such time as the assets are substantially ready for their intended use or sale. Investment income earned on the teamporary investment of speccific borrowings pending their expenditure on qualifying assets is deducted from the cost of those assets. For specific borrowings for the purpose of construction of fixed assets and investment properties, borrowing costs are capitalised even when the construction period is under 12 months.
 - 9 Foreign currencies:
- Transactions arising in foreign currencies are translated at exchange rates ruling at the transaction date. The balance of monetary items denominated in foregin currencies as at the balance sheet date are retranslated at the exchange rates of commercial bank where the Company ussually transacts on the same date. Exchange differences arising from the translation of these accounts are recognised in the income statement.

10 - Profit:

- Net profit after corporate income tax can be distributed to shareholders after approval by the General Shareholders' Meeting and after making provisions for reserve funds by the Company's Charter and the provisions of Vietnamese law. The Company makes the following reserve funds from the Company's net profit after corporate income tax upon the proposal of the Board of Directors and approval by shareholders at the Annual General Shareholders' Meeting:
- + Development investment fund: This fund is set aside to serve the expansion or in depth investment of the Company.
- + Bonus and welfare fund: This fund is set aside to reward, encourage materially, bring common benefits, and improve the welfare of employees, and is presented as a liability on the balance sheet.
 - 11 Revenue recognition:
 - Revenue from the sale of goods is recognised when all five following conditions are satisfied:
- + The Company has transferred to the buyer the significant risks and rewards of ownership of the goods.
- + The Company retains neither continuing managerial involvement to the degree usually associated with, owership nor effective control over the goods sold;
 - + The amount of revenue can be measured reliably.
 - + It is probable that the economic benefits associated with the transaction will flow to the Company.
 - + The costs incurred or to be incurred in respect of the transaction can be measured reliably
- + Interest income is accrued ton a time basis, by reference to the principal outstanding and at the applicable interest rate.
 - + Dividends: are recorded when the Company's right to receive dividend payments is established.

12 - Taxation:

- Income tax expense represents the sum of the tax currently payable and deferred tax:
- + The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.
- + Deferred tax is recognised on signficant differences between carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the compution of the taxable profit and is accounted for using balawnce sheet liability method. Deferred tax liabilities are generally recognised for all temporary differences and deferred tax assets are recgised to the extent that it is probable that taxable profit will be available againt which deductible temporary differences can be utilised.
 - 13 Other.

VIETNAM NATIONAL CEMENT CORPORTATION BIM SON CEMENT JOINT STOCK COMPANY

SOCIALIST REPUBLIC OF VIETNAM Independence - Freedom - Happiness

No: 3542 /XMBS-TCKT

Thanh Hoa, October, 29 th, 2025

Ref: Explanation of profit on the Consolidated Financial Statements Q3.2025

To: - State Securities Commission

- Ha Noi Stock Exchange

Bim Son Cement Joint Stock Company would like to explain the fluctuation of profit in the Consolidated Financial report for the third quarter of 2025 as follows:

The net profit after-tax of Bim Son Cement Joint Stock Company in Q3.2025 negative return 10.71 billion VND, increased by 14.72 billion VND compared to the third quarter of 2024, mainly due to the following reasons: sales revenue increased 10.98% (equivalent to 87.04 billion VND); cost of goods sold increased 9.84% (equivalent to 72.68 billion VND); other income decreased 64.86% (equivalent to 0.51 billion VND); financial income increased 1,873.36% (equivalent to 1.79 billion VND); selling expenses increased 9.38% (equivalent to 3.92 billion VND); administrative expenses decreased 12.16% (equivalent to 3.64 billion VND); other expenses increased 351.86% (equivalent to 1.46 billion VND); and financial expenses decreased 9.54% (equivalent to 0.83 billion VND). However, in Q3/2025, the increase in sales revenue, financial operating revenue, and the decrease in financial costs and corporate management costs is greater than the increase in the cost of goods sold, selling expenses, other expenses, and the decrease in other income.

Therefore, the net profit after-tax in third quarter of 2025 increased compared to the profit in third quarter of 2024.

Thank you and best regards,
