Ref: Explanation of profit on the  
Consolidated Financial Statements 2025

To: - State Securities Commission  
- Ha Noi Stock Exchange

Implement the document of the Hanoi Stock Exchange regarding the periodic information disclosure of listed companies.

Bim Son Cement Joint Stock Company (Company) would like to explain the fluctuation of profit in the Consolidated Financial report for the 2025 as follows:

Net profit after tax in 2025 after auditing increased by 317,237 VND compared to profit before auditing.

The net profit after-tax of Bim Son Cement Joint Stock Company in 2025 was positive 25.48 billion VND, increased by 33.61 billion VND compared to the of the year 2024, mainly due to the following reasons: sales revenue increased 5.97% (equivalent to 208.26 billion VND); cost of goods sold increased 4.62% (equivalent to 147.28 billion VND); other income decreased 28.74% (equivalent to 5.5 billion VND); financial income increased 13.11% (equivalent to 0.37 billion VND); selling expenses increased 3.55% (equivalent to 6.27 billion VND); administrative expenses increased 5.32% (equivalent to 6.2 billion VND); other expenses increased 1,909.46% (equivalent to 13.84 billion VND); and financial expenses decreased 11.11% (equivalent to 4.06 billion VND). However, in 2025, the increase in sales revenue, financial operating revenue, and the decrease in financial costs will be greater than the increase in business management costs, selling costs, other costs, and the decrease in other income.

Therefore, the after-tax profit in 2025 increased compared to the after-tax profit in 2024 and shifted from a loss in the same period last year to a profit in the same period next year.

*Thank you and best regards,*
